Message from the Principal

It is the middle of May and we are thinking about the end of school. It is obvious that our students see that light at the end of the tunnel. This has been an outstanding school year and I am proud of the accomplishments and behavior of our students during the 2009-10 school year. The End of Year newsletter is going to be used to relay the needed information for the end of the school year events as well as a recap for our successful educational school year. This year has brought us three outstanding new teachers to the district. Ms. Houghtaling

has entered our district and excelled in challenging our students in Spanish. The 2009-10 school year also brought Mr. Redden into the junior high hallway with Mrs. Curll and Mr. Harms. Mr. Redden has brought some excitement and a "well conditioned" outlook on education to Brownstown Junior/Senior High School. When speaking of conditioned students, our students at Brownstown Junior/Senior High School cannot not resist their anticipation for Mr. Rohr's beloved physical fitness workouts. It is great to see our students not only being pushed mentally in our

building, but physically as well. When we look ahead at the 2010-11 school year, we will be losing three extremely loyal Brownstown employees. Following the 2010-11 school year. Mr. Beckel (32 years), Mrs. Curll (35 years), and Mrs. Douglas (20 years) will be retiring from education. We are lucky for having these outstanding educators for such an extended period of time and we would like to thank all of three of them for loyalty to Brownstown Junior Senior High School.

Important Info

Report Cards-

Send in a stamped and addressed envelope to the office and we will mail home your student's final report card.

Sports Boosters Meeting

May 13th-6:30pm
June 17th-6:30pm

Registration-

August 10th 7am-7pm
(All incoming freshmen must have a physical)

1st Day of School-

August 19th, 2010

2010-11 School Year-

Academic Support will be replacing study halls beginning next year. This time is going to be used to focus on additional instruction in Reading and Math. This change to the Brownstown Jr/Sr High School curriculum is due to the requirements of Response to Intervention (RTI).
